

# How to Apply Your EAZY Name Labels

## Step 1: Clean & Dry

Make sure the surface is completely clean and dry.  
For clothing, stick to flat care labels, not fabric.

## Step 2: Peel Carefully

Gently peel the label from the backing sheet.  
Avoid touching the adhesive side too much.

## Step 3: Stick & Press.

Press the label firmly onto the care tag, shoe tongue, or hard surface.  
Smooth out any air bubbles.

## Step 4: Let It Bond

Let it sit for 24 hours before washing or exposing to heat.  
Wear clothing straight away, but avoid washing or wearing shoes during this time.

## Tips for Best Results

- Always apply to flat, smooth **washing instruction labels**
- Don't stick over creases or seams
- Avoid textured or cut-out tags
- Labels on shoes last longer if left untouched for 24 hours
- 

## Tested to Last

- Washing Machine Safe
- Tumble Dryer Safe
- Microwave & Dishwasher Safe
- Survives Saunas, Pools & Daily Wear
- Lasts **months and more**
